Fast Track to Results in 3.5 Hours - May 28 Immediate Cost Savings Guaranteed.

Have you taken a hard look at the waste in your business? Even if you've already gone through a cost-cutting exercise, our process is designed to get **PAST** the low hanging fruit and find the hidden areas of waste most people never consider. The **truly innovative cost savings ideas** come from new ways of looking at your job and thinking differently about how you work individually and interact with others.

To learn how this works, bring three people from your organization to this Blow Out Bureaucracy and Costs briefing. You'll work collaboratively to trim waste within your organization, and gain insight and tips to take back and share with others. We **guarantee** you'll find cost savings that exceed your investment in this workshop.

Benefits:

- Uncover hidden waste that costs the organization precious dollars.
- Develop a new culture of collaboration, creativity, and cost consciousness.
- Instill an "ownership" mentality in every employee
- Break down the barriers and silo mentality.
- Develop individual leadership skills that empower and motivate staff.

Some Real Life Examples of a Two-Day Process.

An animal feed manufacturer completed a 2-day exercise with just 26 people. Those 26 found immediate cost savings **totaling \$1.7 million** the first year, with **another \$2.2 million** each year thereafter. The CEO was so impressed, he took another team of 26 employees, and they found **yet another \$1.85 million** in first year savings.

A construction company took 26 people through a similar two-day exercise and found **\$2.5 million** in cost savings.
